

POSITIVE SCHOOLS 2010

Mental Health & Wellbeing Conference

20-21 MAY 2010 • FREMANTLE WA

Featuring Jane Elliott
Beyond Brown Eyes
Blue Eyes

DAY 1

A Class Divided

A DAY WITH JANE ELLIOTT
20 MAY 2010 • 9.30AM - 3.30PM

This is a once in a lifetime opportunity to learn about finding solutions to prejudice, bullying and discrimination.

Join us for a day with the legendary Jane Elliott, creator of 'Brown Eyes Blue Eyes' and 'The Stolen Eye'.

One day in 1968, Jane Elliott, a teacher in a small, all-white Iowa town, divided her third-grade class into blue-eyed and brown-eyed groups and gave them a daring lesson in discrimination. Those who were deemed 'Superior' became arrogant, bossy and otherwise unpleasant to their 'inferior' classmates. The 'inferior' classmates also transformed - into timid and subservient children. What transpired changed history.

Jane Elliott has established herself as an International Leader in the prevention and reduction of Bullying, Prejudice and Discrimination. A teacher, lecturer, trainer and recipient of the National Mental Health Association Award for Excellence, exposes prejudice and bigotry for what it is, and irrational class system based on purely arbitrary factors. - And if you think this does not apply to you, you are in for a rude awakening.

Everyone who is exposed to Jane Elliott's work be it through a lecture, workshop, or video is dramatically affected by it.

This is a once in a lifetime opportunity to learn about finding solutions to prejudice, bullying and discrimination from a world leading authority.

DAY 2

Conference

- 21 MAY 2010

The Positive Schools 2010 Mental Health and Wellbeing Conference and pre-conference day will be held on the 20th and 21st May 2010. The Conference will be held at the Esplanade Hotel Fremantle, Cnr Marine Tee and Essex St, Fremantle.

The Four-Star International Esplanade Hotel Fremantle is located in the heart of the historic City of Fremantle.

Situated just 20 minutes from Perth City, the hotel overlooks popular parklands and Marine Harbour. It has easy walking access to galleries, museums, shops and markets, as well as boat marinas, restaurants and popular entertainment venues.

Wise Solutions offers a range of services specifically designed to improve mental health and wellbeing in schools.

Wise Solutions seminars

Wise Solutions seminars aim to improve the awareness and understanding of a range of mental health issues facing students and staff today. Seminar topics range from dealing with an anxious classroom to effective goal setting, addressing student social behaviours to managing staff stress issues, to name a few. All seminars can be run as either half day or whole day events. These seminars are held across Australia as either public or inhouse presentations.

Wise Solutions

Wise Solutions was established in 2006 in response to the increasing need for schools and colleges to address their social and emotional climate. Experienced psychologists and research staff facilitate services programs to raise awareness of issues such as stress, bullying, prejudice and highlight opportunities to create healthier relationships and work environments. This Australia-wide service is an affordable solution designed to help create positive outcomes in an everchanging social, cultural and political environment.

Wise Solutions assessment services

Wise Solutions student assessments enable schools to accurately and efficiently assess the social and emotional wellbeing of their entire student population. Whole school assessments provide objective information about the social-emotional strengths and weaknesses across all members of a school or college. Moreover, the whole school assessments can track changes in social and emotional wellbeing over time. The assessments offer vital feedback about the effectiveness of both inhouse and external interventions and provide accurate information from which informed decisions can be made. Anonymous reports may be disseminated to all stakeholders. In addition, separate confidential information about high risk students ensures that vulnerable children are identified as early as possible.

Staff Assessment Services

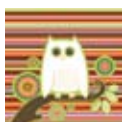

Wise Solutions staff assessment services provide a means of assessing the wellbeing of both individuals and groups. Detailed reports provide information about the nature and source of staff stress and associated concepts. Findings provide staff with anonymous information about the social and emotional climate within their working environment, their strengths and weaknesses. In addition, staff can feel assurance that their school or college value and appreciate the importance of a healthy, happy staff population.

All our assessment services are available as traditional paper questionnaires or as an online data entry program.
